THE STORYBOOK  
OF CRYSTAL CHANDELIERS

Welcome to the world of ELITE BOHEMIA, located in the small mountain town of Semily, 90 km from Prague. This picturesque, yet rugged region rich in natural materials has become part of the Crystal Valley, where Czech glassmaking and renowned Bohemian crystal were born.

Our teachers were the master glassmakers of old who learnt their craft and their skills from their fathers. We have continued to develop their artistry. We have created a modern glass company by impeccably combining traditional and modern technologies with the wishes of our customers.

ELITE BOHEMIA is a family company that has been involved in the production of classical and designer light fittings for three generations.

We began writing our history in 1996. Since then, we have launched more than 10,000 light fittings onto the international glass market in various colours and sizes.

We cooperate with more than 40 countries as successful exporters of Bohemian crystal.

Our long-term business strategy involves high quality manual work focussed on perfect detail, a personal approach to our customers and flexibility.

We only work with very high quality Bohemian crystal, which originated in the 17th century. It has become a sought-after international rarity thanks to its unique brilliance, perfect hardness and flawless purity.

Various personalities from world history, such as Louis XV, the Austrian Empress Maria Theresa, the Russian Tsarina Elizabeth and Osman III, the ruler of the Ottoman Empire, have all been enchanted by it.

## Light of Diamond

Light of the Diamond is a unique light fitting that fascinates thanks to its unmissable sparkle.

The individual crystal components have been completed with a traditional, yet rare cut that is achieved through the combination of precise manual work and the skill of an experienced glassmaker.

Its appearance creates flawlessly precise hexagonal shapes that represent a cut diamond. This means that this richly adorned light fitting sparkles from any point of view.
